

INDEPENDENT AUDITORS' REPORT

To the Owners  
Cypress Home Owners Association

We have audited the accompanying balance sheet of Cypress Home Owners Association, as of December 31, 2008, and the related statements of revenues, expenses and changes in fund balances, and cash flows for the year then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information is presented for comparative purposes only and has been extracted from the Cypress Home Owners Association's financial statements presented by fund for 2007 on which we expressed an unqualified opinion in our report dated April 19, 2008.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

A current study of the Association's replacement funding program indicates that the Association is underfunded. Accordingly, it may be necessary to increase assessments, pass special assessments, or delay future repair or replacement obligations until sufficient funds are available.

In our opinion the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Cypress Home Owners Association as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplementary information on future major repairs and replacements that accompanies the basic financial statements is not a required part of the basic financial statements but is supplementary information required by the American Institute of Certified Public Accountants. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.
